**1**

Put down newspaper to protect your painting area. Have an adult cut one end of the white paint tube with scissors.
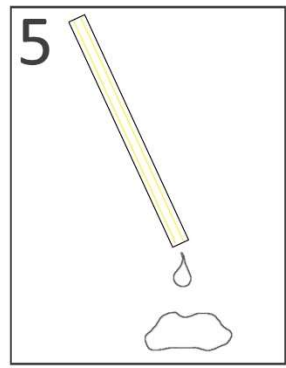

2

Have an adult squeeze white paint onto a paper plate or waxed paper.

3

Paint the front of the penguin with white paint then let dry. (You can have an adult use a hair dryer to quickly dry the paint.)
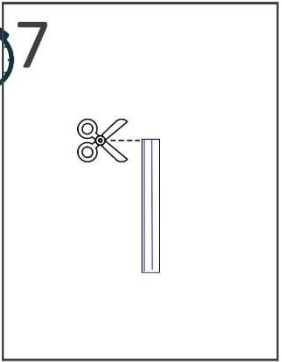

4

Rinse your brush with water and dry it. Have an adult cut one end of the black paint tube with scissors.

5

Have an adult squeeze black paint onto a paper plate or waxed paper.

6

Paint the back of the penguin with black paint. Use the back of the paint brush, or a toothpick to paint two black eyes. Let dry.
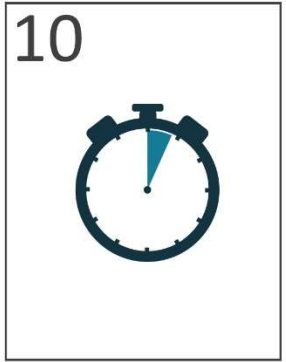

7

Rinse your brush with water and dry it. Have an adult cut one end of the orange paint tube with scissors.
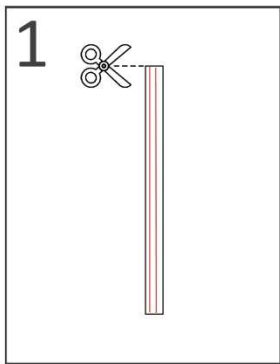

8

Have an adult squeeze orange paint onto a paper plate or waxed paper.

9

Paint the beak of the penguin with orange paint using the back of the paint brush or a toothpick.

10

Let dry completely.
